

Hackfall Wood fungus species list 21st October 2017

Compiled by Andy Woodall

Brown Rollrim (Paxillus involutus)

Ochre Brittlegill (Russula ochroleuca)

Parasol (Macrolepiota procera)

Honey Fungus (Armillaria mellea)

Trooping Funnel (Clitocybe geotropa)

The Deceiver (Laccaria laccata)

Twig Parachute (Marasmiellus ramealis)

one I took home, don't know why I couldn't think what it was in the field.

Angel's Bonnet (Mycena arcangeliana)

Clustered Bonnet or Oak Stump Bonnet (Mycena inclinata)

Mycena spp.

a couple of species I did not take home and ID to species.

Round-spored or Common Oysterling (Crepidotus cesatii)

Soft or Peeling Oysterling (Crepidotus mollis)

Ringed Conecap (Conocybe arrhenii) ..one I took home

Sulphur Tuft (Hypholoma fasciculare)

Red-edge Brittlestem (Psathyrella gracilis)

hard to see the pink gill edge in the field.

Common Inkcap (Coprinopsis atramentarius)

Glistening Inkcap (Coprinellus micaceus)

Blackfoot Polypore (Polyporus leptocephalus)

Hairy Curtain Crust (Stereum hirsutum)

Bleeding Broadleaf Crust (Haematostereum rugosum)

Common Jellyspot (Dacrymyces stillatus)

White Brain (Exidia thuretiana)

Jelly Ear (Auricularia auricula-judae)

Birch Bracket or Razorstrop Fungus (Fomitopsis betulina)

Root Rot or Root Fomes (Heterobasidion annosum)

Turkeytail (Trametes versicolor)

Artist's Bracket (Ganoderma applanatum)

Poplar Bracket (Oxyporus populinus)

Split Porecrust (Schizopora paradoxa)

Elder Whitewash (Hyphodontia sambuci)

Ergot (Claviceps purpurea)

Lemon Disco (Bisporella citrina)

Purple Jellydisc (Ascocoryne sarcoides)

Ascocoryne cylichnium

Holly Speckle (Trochila ilicina)

Coral Spot sexual and asexual bodies (Nectria cinnabarina and Tubercularia vulgaris)

Candlesnuff Fungus (Xylaria hypoxylon)

Dead Man's Fingers (Xylaria polymorpha)

Cramp Balls (Daldinia concentrica)

Beech Woodward (Hypoxylon fragiforme)

Birch Woodward (Hypoxylon multiforme)

Beech Barkspot (Diatrype disciformis)

Diatrypella quercina

Sycamore Tarspot (Rhytisma acerinum)
